

## **Alkalon Adds New Board Member**

**Alkalon A/S is preparing global launch of its new generic nicotine gum and has appointed Torben von Lowzow to the company's board of directors.**

COPENHAGEN, March 7, 2012. Alkalon today announced that Torben von Lowzow, former partner of the private equity fund manager CapMan, and former Global Head of HSH Corporate Finance in Germany, was appointed to the company's board of directors, expanding the number of board members to 5.

"Torben has solid business and transactional experience that we can draw on in the coming years when Alkalon is moving towards commercialization, and we are pleased that he is joining Alkalon's board of directors," said Managing Partner at SEED Capital Ulla Brockenhuus-Schack.

Bo Tandrup, Alkalon's Chief Executive Officer said: "Alkalon has signed license and supply agreements with several generic companies in Europe and elsewhere and to assure a successful launch, we would like to add financial and operational expertise to our organisation. We are going to employ more people this year and Torben has the experience we need to bring the company and its products through this important strategic stage".

Alkalon is an independent, privately owned Contract Research and Product Development company based in the Danish-Swedish life science cluster in the Oresund Region. The company has in-depth experience in formulation development of Medicated Chewing Gum and is working in partnership with Pharmaceutical companies on dosage form development projects and supply of finished products.
